
UPGRADE YOUR TT21 TRANSPONDER TO A TT22

Become 2020 compliant

Do you fly with a TT21 Class 2 transponder
and want to be ADS-B compliant?

Now you can upgrade to a TT22 Class 1
transponder before the 2020 mandate.

How to upgrade

For \$950 you can upgrade your TT21 to a TT22 ADS-B capable transponder.

With your new TT22 you will also receive two years product warranty and a product update to the latest software.

Contact Trig's US Service Center
Mid-Continent Instruments and
Avionics, to arrange
your upgrade.
