

## European Aviation Safety Agency

# MINOR CHANGE APPROVAL

## EASA.A.C.12186

This Minor Change Approval is issued by EASA, acting in accordance with Regulation (EC) No. 216/2008 on behalf of the European Community, its Member States and of the European third countries that participate in the activities of EASA under Article 66 of that Regulation and in accordance with Commission Regulation (EC) No. 1702/2003 to

### Trig Avionics Limited

**Building 4 Heriot Watt Research Park  
Currie EH14 4AP  
Riccarton  
United Kingdom**

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and environmental protection requirements when operated within the conditions and limitations specified below:

**Original Product Type Certificate Number:** Various  
**Type Certificate Holder:** Various  
**Model:** See Approved Model List

#### **Description of Design Change:**

Replacement of existing transponder with TT31 Mode S transponder

#### **Associated Technical Documentation:**

Generic TT31 Minor Modification for Powered Sailplanes SUP/TT31/011

#### **Limitations and Conditions:**

- 1) Prior to installation of this modification the installer must determine that the interrelationship between this modification and any other previously installed modification will introduce no adverse effect upon the airworthiness of the product.
- 2) The installation of this modification by third persons is subject to written permission of the approval holder and holding and disposal of the approved appropriate documentation.
- 3) This modification installs only a TT31 transponder and does not cover the installation of wiring or altitude encoders.

This Approval shall remain valid unless otherwise revoked.

**For the European Aviation Safety Agency,**

**Date of issue: 11 May 2009**
